

# GTM HAMMER vario

bespoke

**GTM**<sup>®</sup>  
MOBIL  
TECHNOLOGY

**GTM HAMMER VARIO** combines functionality, quality and style for a reasonable price.

This wheelchair features a rigid open frame. The chair's centre of gravity is adjusted individually for each user. The backrest features a lock-down device, allowing it to be locked even when folded down.

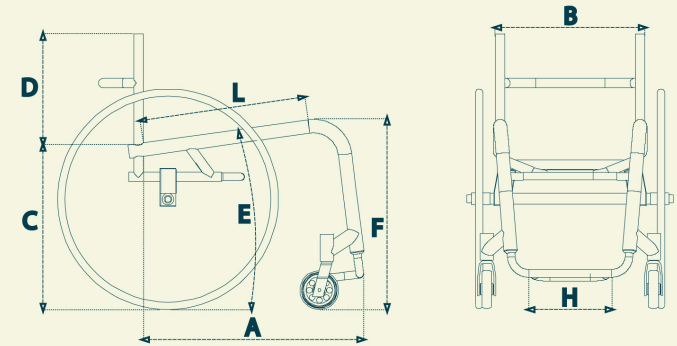

The dimensions and accessories are custom tailored to the user's specifications.

The basic option features seat angles of 6° (for paraplegics), 8°, and 10°. The GTM HAMMER VARIO TETRA is a version designed for users with low stability (tetraplegics), and features a 13° seat angle.

8 year frame warranty
